CONCEPT & DESIGN:

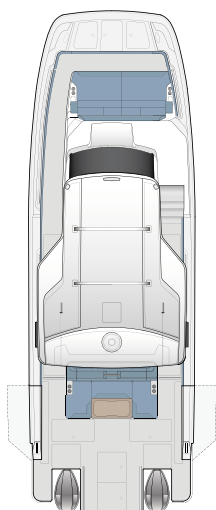

Features

- An exceptional performing and seaworthy double stepped hull shape providing first in class stability and fuel efficiency
- Expansive areas for entertaining and social zones from bow to stern with a well appointed wet bar area with refrigerator, sink, and storage.
- The bow seating offering comfortable seating for up to 4 people
- FUSION audio system with Bluetooth and 8 x Fusion Speakers and Multi Zone Sound Control
- Plenty of seating throughout for seating up to 15 people onboard comfortably
- Expansive fiberglass hard top, designed for optional roof racks on hard top for SUP and Kayak with optional Makefast shade system for aft cockpit
- Console sliding door at helm area with direct access to interior cabin area which features a full sized queen bed
- C-Zone digital switching system for DC powered components
- Structurally designed to accept optional side fold-out terraces
- Custom designed slide out stainless steel boarding ladder system providing easy access in and out of the water

OUT THERE STARTS HERE™

aquilaboats.com

Updated 10.2025

Construction

- Vinylester resin infused throughout the hull and deck
- Vinylester resin infused throughout the bulkhead and reinforcing (no plywood in structural components or below waterline)
- Core materials (PVC) vary in density dependent on loads
- NPG gelcoat on hull
- Water tight bulkheads fore and aft (NPG)

Interior Layout

- Cabin with queen sized bed
- Wet head with fresh water electric flush toilet, sink with hot/cold faucet and shower
- Private lockable companionway door/stair to cabin

Hull Features

- Double stepped hull design providing excellent performance and efficiency
- Aquila Protection Plan: 5 year hull/deck structural warranty
- NPG white gelcoat
- Vinylester resin infused hull, deck, cockpit floor and bulkheads
- Hull side black decal with opening portlight on starboard side
- Integrated transom walkthrough between engines with hidden slide out stainless steel ladder
- Large black rubrail around hull/deck joint providing maximum protection

Forward Bow Seating

- Forward facing seating with flip down arm rests
- Designated storage areas for cell phones, sunscreen, and cup holders(4)
- Insulated storage with drains located under forward facing seating
- Recessed stainless steel handrails
- Central bow deck hatch providing access to windlass system
- Port and starboard bow wet locker storage for fenders and mooring lines
- Bow docking lights with LED strip and stainless steel cover
- Forward deck cockpit drainage

- Electric windlass with remote
- Bolster cushions installed on gunwale throughout boat with optional LED strip lighting
- Storage locker under floor in forward seating area with designated drainage

Helm Console

- Helm seating (4) with flip down bolster cushions, arm rests, and adjustable seat position
- Cup holders at helm station (4)
- Upholstered glare reduction helm panel with designated storage areas above chart plotters
- AC vents for direct air flow (aircon optional)
- LED strip lighting under helm dash
- Black acrylic helm panel for flush mounting chart plotters
- Integrated glove box with USB-A/C charging outlets
- Recessed foot rests
- Magnetic compass
- Windshield wiper system connected to fresh water supply with control at helm
- Ergonomically positioned throttle and joystick controls
- Fusion Apollo Series MS-RA770 marine stereo head unit
- C-Zone 5" Display for controlling DC electrical items
- Variable position stainless steel steering wheel with spinner knob
- Stainless steel handrails (2)
- Composite fiberglass and stainless steel supports for windshield
- Manual push button override switches and controls

Galley Block

- Cup holders (4)
- Garbage bin receptacle on each side (2)
- Stainless steel hand rail
- Tackle box storage on back side of galley block (2) – optional cooler or fridge space
- Sink with faucet and cutting tray
- Corian countertop for serving beverages and food
- Designated location for optional two burner BBQ or induction cooktop
- Acrylic back splash panel
- Location for optional TV lift system
- Electrical outlet (AC)

Aft Deck & Cockpit

- Self draining cockpit area
- Mechanical room access from deck hatches (2)
- Stainless steel walkthrough gates with acrylic panels on each side of seating (2)
- Patented Aquila slide out concealed stainless steel swim ladder with integrated hand holds
- Fresh water pull out shower (hot/cold)
- Ten cup holders (10)
- Manual hi/low table at forward and aft facing seating areas with fill in cushion to convert to bed or sun lounger (2)
- Fiberglass table at forward and aft U-shaped seating area (2)
- Manual sliding adjustable backrest
- U-shaped convertible seating for facing aft or forward
- Storage areas under seating accessible through hinged cushions
- Stainless steel railings on each side of central walkthrough area where slide out swim ladder is located
- Optional aft deck flip down hydraulic platforms on each side of hull with push button controls
- Lighting – LED strip under seat

Hard Top

- Expansive fiberglass hardtop with dedicated positions for nav equipment and optional roof racks
- Stainless steel handrails on forward port and starboard side of hard top
- Black painted main support pillars with integrated stainless steel handrail
- Underside of hard top gelcoated in black color to reduce glare
- Marine waterproof speakers 7.7" (4)
- Optional electrical slide out canvas shade system from aft section of hard top providing shade to aft deck seating
- Lighting – Two (2) flush mounted LED spreader lights on aft section of hard top (2 total)
- Lighting – LED overhead lighting (color changing)
- LED navigation lights – port, starboard, anchor & running light

Deck Features

- Bolster cushions installed throughout boat
- Marine waterproof speakers 7.7" mounted on gunwale(4)
- Ten (10) x 10" pop up cleats: Stern (2), Spring (4), Bow (4)
- Track system step design providing dual purpose entrance into cabin with above deck access to forward cockpit
- Integrated deck level 316 stainless steel hand rail
- Lighting – LED courtesy lighting
- Easy access on and off boat from aft side decks
- Recessed hidden storage in gunwales for mooring lines and fenders
- Fixed aft gunwale which can be upgraded to the GHS hydraulic fold down side doors (2)
- Molded recessed deck hatches with gaskets and stainless steel latches providing access to below deck areas (8)
- Deck fill plates in 316 stainless steel – 1 x water – 2 x fuel – 1 x waste
- Self draining deck design
- Engine well fiberglass hinged hatches for maximizing space on aft deck (2)
- Hatches to access mechanical aft deck space (2)

Mooring System

- Electric windlass (12v–1500W) with hard wired handheld control at anchor locker
- Anchor platform and roller in 316 stainless steel

Cabin

- Main electrical switch panel for common use electrical components
- Direct access via lockable companionway door into cabin area from main deck
- Cabinetry in composite laminate and matching hard wood trim
- Synthetic wear resistant flooring offering maintenance free natural look
- Upholstered side and ceiling panels
- Blinds for starboard side and overhead windows
- Lightning – LED accent strip lighting, overhead lights, and reading lights
- Opening portlight on starboard side
- Carbon monoxide/smoke detector

- Large acrylic skylight providing maximum light in cabin
- AC power outlets
- Storage shelves, lockers and drawers
- Memory foam mattress size: 80" x 78" (203cm x 197cm)
- Stainless steel hand rail for ease of access in and out of bed
- Additional storage under bed
- Corian countertops and accent areas

Head

- Corian basin surface
- Vanity with sink, polished chrome faucet with hot/cold water
- Pull out shower wand with hot/cold mixer controls
- Electric fresh water flush toilet, holding tank, overboard discharge, dockside pump-out and tank level indicator
- AC power receptacle (GFCI protected)
- Mirror with light
- Toilet paper holder
- Toothbrush and towel holders
- Wet head shower acrylic door to keep water within head area
- Teak grate in shower area
- Hinged bench seat over toilet
- Storage lockers with trash bin behind the toilet
- Storage under sink
- Stainless steel handrail next to toilet
- LED lighting in ceiling

Electrical

- C-Zone digital switching system with 5" display at helm
- LED navigation and anchor lights
- Fusion Signature Series audio package – 770 control head, 8 x 7.7" speakers
- Master control panel for 12vDC and AC shore power service
- Remote battery switches
- House battery bank with charging system – 4 x 200Ah AGM
- Optional lithium battery package for off grid use of aircon system
- Shore side power electrical system connection with galvanic isolator

- Inverter/battery charger(s)– 12V/3500W
- Electric horn
- Each hull with automatic bilge pump with ability to manually operate at helm
- Engine starter batteries (2 x 105 A/h) AGM technology
- LED lighting throughout
- Helm station LED lit manual push button panel
- Engine parallel control remote switch

Water, Waste & Bilge Systems

- Fresh water tank (50 Gal / 189 L)
- Black water holding tank (21Gal / 80L), overboard discharge with valve, dockside pump-out and tank level indicator
- Automatic 12v fresh water pump
- Water heater (1 x 10.5Gal / 40 L)
- Faucet – inside head area – hot/cold
- Head Shower – hot/cold
- Aft cockpit pull out shower – hot/cold
- Four (4) automatic 12v bilge pumps
- Automatic grey water pump connected to each shower drain for direct overboard discharge
- Windshield wiper water supply connected to main fresh water supply
- Black and fresh water levels visible through C-Zone system
